

IDEATION PHASE
PROBLEM STATEMENT

Team ID	PNT2022TMID02758
Project Name	University Admit Eligibility Predictor

UNIVERSITY ADMIT ELIGIBILITY PREDICTOR:

- University education is becoming a critical pillar of social and economic life in the twenty-first century. It is crucial not only in the educational process but also in assuring two vital things: a great job and financial stability.
- On the other hand, might be extremely challenging because pupils are unaware of the admission standard. They waste lot of time and money.

Social Impact:

It will help students making decision for choosing a right college.

Business impact:

Getting potential students automatically business will increase.
